CHARLIE'S ANGELS No1

On one of our many trips to Mexico we met Lo-Co. He worked as a guide dog for a bunch of tequila companies. At least that's what he told us. We met him drunk and bitter – he was pretty much just chilling Mexican style, being “in between jobs”. We sat down, shared a bottle of tequila, and listened to story after story from his glory days. One thing led to another and we're actually not a hundred percent sure how he ended up on the flight back with us. Anyhow, we lost him in Amsterdam and later we got told he rampaged around Europe for a couple of years in search of good spirits, and found loads of them. One day he showed up in the bar and got hired as Charlie Baxter's right hand man. The Mexican 8-Ball is a tribute to Lo-Co's travels and heritage. Expect nothing less than madness!

MEXICAN 8-BALL

When in Mexico, every now and again we find ourselves in questionable situations. You know the ones that are half fun, half life-threatening. This drink is a bit like that – a tequila, mezcal and absinthe kind of situation. It has ruined a couple of relationships, made a couple of babies... needless to say it is the beginning of a great night!

40

LONG DRINKS

Simple, Tasteful and Fast are three words that pretty much sum up the definition of a long drink.

75

RUM 'N' TING

One of the first drinks ever made at the dog, and like good dogs do, they stay with us! Jaaaahmaican rum! LIIME!
GRAPEFRUUUIT!!

MARGARITA HIGHBALL

The problem with Margaritas is that they are too damn tasty and go down too quick! So we made it just as tasty and a bit longer, with just a tad less alcohol so we can drink more and stay happy for longer!

NEGRONI & TONIC

For those of you who enjoyed the Europino, we now spiked it with gin and it is served in a ridiculously large glass.

SVENSKEREN – THE SWEDE

To save you the trouble of going to Sweden, we put all the flavours in a glass for you. Lingonberries instead of meatballs. Vodka to be able to think clear, and bone dry tonic as a representative for Swedish humour.

COOLER

Is it a dird? Is it a spritz? Is it a wine cooler?
It is same same but different!

PRE DINNER COCKTAILS

As the name indicates, these are cocktails to be had before dinner. They serve the purpose of cleansing the palate, and contain enough alcohol to put even the hungriest man in a good mood before eating.

90

TITANIC NEGRONI

Gins, vermouths and Campari matured in a uncontrolled, half-glass half-wood environment, with a taste so big it has to be served on an ice rock!

AVIATION

An American bartender in 1916 thought he could make a cocktail that would make his guest fly. Literally. We do not have to tell you that gin, lemon and cherry liqueur did not make that happen. But it made a hell of a drink!

MARTINEZ DE NATUR

Somewhere in Piemonte, northern Italy, is nature. Good wine comes from nature. Good drinks come from bars. We mixed the two with juniper booze and something bitter. It is basically what the doctor ordered you to drink.

MARGARITA

As well as being the most beautiful name in the world, it also has a cocktail to back it up! A classic that never failed to improve someone's mood. Half goddess, half sunshine in a glass.

COCKTAILS

This time we took some classic cocktails way out of their comfort zone but don't panic! If you smile to your bartender and ask nicely, he or she will try to make you something that you know.

90

BIENVENIDOS

Is probably the best welcome one could have in a bar. Imagine a big warm hug from the friendliest face you can imagine, with limes for eyes, carrying two smoking guns full of coffee. With Mezcal on top!

51ST STATE

The heavy door of the '57 Bel Air slams as we jump in. I flip the cassette, turn up the volume and cruise down the streets of Havana to the soundtrack of Ibrahim Ferrer blasting through the old speakers. My partner in crime mixes two Cuba Libres from the passenger seat, to celebrate a time that once was. This time without Coke.

DON JUAN

This is what the beast drank to be able to smooth-talk the beauty. A love potion made from Spanish brandy and Swiss absinthe. Strong, sweet, and not your usual Sazerac.

DIABLO

With a powerful name comes great responsibility – but the sneaky Mexican devil never cared much for that. Do not be fooled by this light, refreshing, super sexy redhead. She has a great punch!

RYE OR DIE

Feeling bitter? No problem. This drink contains more bitterness than a grumpy old man. But that by itself would not taste good, so we added a fruity American whiskey and lemons. It is the whiskey sour you never knew you wanted.

SPACE DAIQUIRI

As you enter space in your space-shuttle-bus a square robot with two antennas and a red eye comes towards you. "My name is Cynthia. I have prepared Space Daiquiri for you. It is fresh. It is flavoursome. It contains little red space rock. You must eatings it." In an obviously thick robot accent (don't tell her).

CHRISTIAN J. COLLINS

Came into the bar and was like BAAM! And we were like POW! So we made a Tom Collins, pretty much.

THE LAST HIPSTER

Rumour has it that there is one last hipster roaming the streets of Copenhagen. We are doing our best to attract it and get rid of it, once and for all. It has been a very confusing time for all of us. Let us just get on with our lives. Pink fluff, flavour that changes quicker than a hipster's opinion, with a body of gluten-free vodka.

TREE HUGGER

This was created when the moon was perfectly aligned with Sankt Hans Gade, and the something something and our minds were bio-dynamic. Vermouth from Piemonte, gin from a Dane and organic agaves.

** All drinks on this menu may contain **eggs, nuts, dairy** and everything else you could possibly be allergic to. Please let us know if you have any allergies.*

WINE

RED/WHITE

Good wines from the old world.
Europe is in crises, let's stick together!

55 / 265

VERMOUTH, RED/WHITE

Vermouth is one of those things we associate with our grandparents – well you know what? They knew what they were doing! Drink Vermouth!

45

CIDER

LE PERE JULES, 75CL

A very refreshing dry French cider at 5.0% that has nothing to do with the supermarket brands that we all know.

35 / 99

FEJO, 37.5CL

Danish. Organic. From a 16 km² island. Something with Vikings in Normandy. 4.7% semi-sweet deliciousness.

60

BUBBLES

65 / 295

COSSETANIA BRUT

HOT COCKTAILS

JAMAICA ME BLAZIN'

A real warmer for the soul. Whether it is cold or warm outside, before or after dinner, this will put you in a great mood for the night.

105

HOT TODDY

Some drinks are just better off if they stay within traditional measures. Scotch, honey, fresh spices and heat.

85

EL CALIENTE

A hot lemon and ginger tea spiked with agave juice.

85

HOT DRINKS

COFFEE

We prepare and serve most coffees known to common man. Full flavour, full fat!

25

TEA

We have a wide selection of two teas. Green & Aloe Vera or English Breakfast.

25

NON-ALCOHOLIC'S

There is nothing wrong with not drinking... to a certain extent.

VERDITA

(goes very well with Tequila on the side) An ancient recipe from the hillsides of some village in Mexico. Green as the forrest in rainy season. Let a few different herbs, some pineapple and a touch of green chilli massage your soul.

TING TIME

If a grapefruit represents Jamaica, a sprig of mint Morocco and a lime Brazil, then you know what time it is!

LIFE JUICE

Basically the anti-ageing cream of juices. Fresh Orange, Grapefruit and Ginger!

35

Small selection of sodas are available for 25,- a pop (Ting / ginger beer / ginger ale etc..)

SNACKS

65

THE ENGLISH

Cashew nuts / Olives / Black Pepper or Vinegar Crisps

THE POLISH

2 kinds of sausage / Cornichon / Black Pepper or Vinegar Crisps

FLIGHTS

A great opportunity to try a few spirits that might be out of your comfort zone. You get to try 3 different spirits so that you can taste and compare. That way you might find a new favourite. We love to talk booze, so if you have a question or two, we'll do our best to come up with an answer.

95

MEZCAL COUNTRY

We can't hide the fact that mezcal is one of our top priorities here at the Dog. Here is a ticket to some of our favourite destinations.

TEQUILA COUNTRY

A flight to where it all begun for us, on a dusty road in Tequila Town.

BARBADOS

Who doesn't need a ticket to the Caribbean? This flight will take you there and we turned up the heating for your convenience.

VERMOUTH COUNTRY

Fortified wines are always a good idea! Get on the flight and try four different kinds before you order your glass.

LAST MINUTE FLIGHT

Feeling brave? Trust your bartender to put together a nicely spontaneous flight for you.
